Dollars and Good Sense Family Fun Money Games™

Community –Supported Financial Literacy and Money Wellness for the ENTIRE Family
Knowledgeable Experts Caring Atmosphere Guided Support for Success

Helping Families with Simple, FUN and Practical Money Tools—For LIFE!

Communities Benefit when Families are Thriving

Families and small businesses are truly the very heartbeat of our community. When they are growing and thriving, we ALL benefit. When they are struggling, we all feel the strain—physically, emotionally and financially.

Dollars and Good Sense Family Fun Money Games is designed to provide an innovative, fun, actionable and sustainable caringly GUIDED weekly live and digital learning program which encourages and equips families to take charge of their money wellness—for LIFE!

Learn Grow Succeed

70% of families are running on financial fumes!

The TRAGIC Reality and a GROWING Problem

Costs are rising, families are hurting and it's getting worse

82% of divorces cite money problems as their MAIN reason to split

57% of Americans (183.2 million) have less than \$1,000 in savings

39% of Americans have ZERO in savings! (2017)

Less than 15% of schools (k-12) are teaching basic money skills

86% of high school teens do not believe they are learning good money skills

2.5+million grandparent households are raising their grandkids

Money problems are a leading cause of homelessness and addictions

Parent regret: I wished I knew more about money so I could teach my kids

Why WHAT (and HOW we DO it) WORKS!

Simply stated: One size does NOT fit all. Money means something different to each person in your family. Just ask any 3 year old.

Add to that different learning styles based on a person's gender, age, knowledge, their life experiences...plus there is also a LOT of anxiety and shame around past money decisions.

By combining fun, age-appropriate learning modules that the entire family can comfortably master in their best learning style, **(at the same time!)** confidence grows, shame diminishes and open communication becomes a foundation for solid money decisions.
